Art Workshop in Drypoint Etching

9.00am - 10.00am

Drypoint Etching is a printmaking technique which is relatively quick and easy to complete in a short time. Each student will prepare a print by scoring the surface of a Rhenalon plate (a thick acetate sheet) with an etching needle. They will learn how to ink the plate, prepare cotton paper and to print the image under the pressure of the etching press.

Film & Photography Workshop

10.00am - 11.00am

This Film & Photography Production workshop is about photography and video as a business - for those that see video production as a profession and wish to work as a videographer. The workshop will explain career progression including video production, media, design and business and it will showcase a sample of student work from throughout the year.

Hairdressing Upstyling Workshop

11.15am - 12.15pm

Be part of a fast moving, creative industry by attending this exciting Up styling workshop. We can help make that dream a reality with our Hairdressing QQI Level 5 with Junior Hairdressing Trades (accredited by State Examinations Commission), QQI Level 6 with Senior Trades (accredited by State Examinations Commission). This workshop will look at upstyling, finger wave curls and braiding.

Professional Photography Workshop

12.15am - 1.15pm

This Professional Photography workshop will explore photography and video as a business - for those that see photography as a profession and wish to work as professional Photographers. The workshop will explain works on display which were completed by our students during the academic year 2017/2018 for the end of year exhibition

Office 365 Workshop

2.00pm - 3.00pm

This workshop introduces some of the more commonly used commands and tools available in Microsoft Office Platform. It is intended for participants who are already comfortable with basic text editing and formatting. This interactive workshop covers new features on the office platform such as OneNote and OneDrive. Other advanced topics such as using tabs, creating lists, working with headers and footers, using different styles, sorting text, and saving a Word document for the web.

An Introduction to Healthcare Support

2.00pm - 3.00pm

Come and Join us for this workshop to explore and see practical demonstrations and talks relevant to the delivery of patient/client care. This workshop is aimed at those who would like to work as healthcare support staff in a variety of setting to include: hospital, nursing home or in the community. The workshop will include practical demonstrations, of the work involved on a daily basis for healthcare workers. Demonstrations will include bed bathing and nutrition.

Tourism Workshop

3.00pm - 4.00pm

Westport is a shining example of the success of 21st century Irish tourism. A number of keys factors have made this possible - the emergence of low cost airlines flying into Knock Airport, budget hotels/AirBnB accommodation and the ease of booking over the internet from home. Understanding the underlying factors of the success of tourism in Westport is instrumental when learning how to manage any tourism enterprise successfully. Join us in this workshop and you may decide that a qualification in Tourism provides the gateway you need to an exciting new career in travel and tourism.
